## Family Day Care

### Quality Focus Calendar

Dear << Test First Name >>

Exceptional education and care have a significant impact on a child's learning and development. It is the provision of remarkable and outstanding Education and care that helps lay the foundations for a lifelong joy of learning. To support the continuity of outstanding education and care, we have developed a new Enhance Quality Focus Calendar.

The Quality Focus Calendar has been designed to link in with the seven quality areas of the National Quality Standard (NQS) and the Enhance Policies and Procedures. The purpose of this resource is to guide and support an Educator's understanding of children's education and care, to engage in professional discussions, allowing for critical reflections, while building knowledge and capability within their individual Service.

The Quality Focus Calendar is an additional resource being accessed and implemented by both Practice Mentor and Educator, in the quest of providing exceptional education and care, through sharing ideas, challenges and successes.

The below link includes a copy of the Calendar, please print a copy and add to your Compliance Folder.
