Learning Outcomes

Learning you observe can sometimes fit into all outcome areas. Choose one or two main ones and write them here. Use the outcome guide in this pack to choose the outcomes met in this experience. (Right Click- high light all of this text to delete and insert your own text)

Analysis of Learning

Using your knowledge of children's learning and thinking about the outcome areas write an analysis of the learning you observed. You have chosen your outcomes so write a deeper explanation of the learning you are seeing here. (Right Click- high light all of this text to delete and insert your own text)

Future Planning

Write your ideas for further learning from the learning you have observed. Extend on the child's learning thinking about what you already know about the child and what you have observed in this story. (Right Click- high light all of this text to delete and insert your own text)

Parent/Child Voice

Invite parents/carer's to take the learning story home to talk about the learning experience with their child. This space is for families to write their comments (Right Click- highlight all of this text to delete and insert your own text)

Reflections

To be filled out after future planning ideas. Think about the learning you observed at the very beginning of this story and reflect through your future planning ideas as well. This section is for your **more detailed learning stories**. If you are just sharing a moment, celebration or special day you can delete this section.
